Benz Patent-Motorwagen Replica

January 29th, 1886, Carl Benz patented the first automobile — the three wheeled Patent-Motorcar. Later in the same year, just 60 miles away, Gottlieb Daimler patented an internal-combustion engine and began with the construction of a four-wheeled horseless carriage.

At the time, neither man knew of the other's work. It was Carl Benz's goal to construct a vehicle in which engine, chassis and drive formed an organic unit. Even though its lightweight, three-wheeled design seems foreign to us now, it was much more logical for Carl Benz than that of a four-wheeled carriage. He believed, that a three-wheeled vehicle with a steel tube frame would be less complicated, lighter and easier to steer than the typical four-wheeled carriage.

VEHICLE DETAILS

| | | | |
|---|----------------------------------|------------------------------|------------|
| Model | Benz Patent Motorwagen Replica | Condition category | |
| Model designation | | Chassis number | |
| Series | | Transmission number | |
| Year of construction | 2002 | Engine number | |
| Odometer reading / milometer (read off) | | Matching numbers | No |
| Number of previous owners | | Price | on request |
| Initial registration | | VAT can be stated separately | Yes |
| Location | Mercedes-Benz Classic Center USA | | |

TECHNICAL DETAILS

| | | | |
|------------------------|---------|------------------|---|
| Body design | | Power (HP) | |
| Cylinder capacity (cc) | 954 ccm | Cylinder | 1 |
| (Car) door | | Steering element | |

| | | | |
|------------------------|------|-------------------------|---------|
| Transmission | | Gear | |
| Drive | | Brake (mechanism) front | |
| Brake (mechanism) rear | | Fuel | |
| Acceleration | | Top speed | 15 km/h |
| Fuel consumption | 24 l | | |

INDIVIDUAL CONFIGURATION

| | | | |
|---|----|----------------------------------|-------|
| Colour designation exterior (of manufacturer) | | Air conditioning | No |
| Colour designation interior (of manufacturer) | | ABS (antilock brake system) | No |
| Interior material | | Airbag | No |
| Sun roof | No | Green badge | No |
| Folding roof | No | Technical inspection association | No |
| Power steering | No | H-plate | No |
| Central locking (system / mechanism) | No | Quantity | 1.175 |
| Seat heating | No | Production period | |

OPTIONS

Engine type: 1 cylinder, Transmission: 1 forward gear and no reverse, Curb weight: 584 lbs., Output @ 400 rpm: 0.7 hp, Torque: n/a
