Mercedes-Benz 450 SL (R 107)

This “Young Classic” 1977 450SL featured in Anthracite Grey Metallic and black MB-Tex interior was recently acquired by Mercedes-Benz Classic. The car has received approximately \$24,000 in service and maintenance work over the past five years, addressing mechanical wear and tear as needed and in particular focused on suspension, power steering, fuel system, sub-frame and motor mounts, driveshaft flex discs, A/C compressor and a new replacement soft top. All the work has been carried out by Mercedes-Benz Classic Service and Restoration Specialists and this 450 SL provides the perfect first-time experience for a classic car novice.

Service work of the last five years includes the following:

- Automatic transmission shift lever bushings
- Conversion to early style steel wheels and color-keyed factory hubcaps
- Comprehensive brake service including hoses, pads and discs, new master cylinder
- New sub-frame, motor and transmission mounts. New engine shock
- New driveshaft flex discs. Balance drive shaft
- New shock absorbers throughout
- New lower control arm bushings as needed
- New front sway bar bushings
- Power steering service and repair including rebuilt pump, replacement hoses and filter
- Fuel system hose replacement throughout, including new clamps, filter, strainer, etc.
- Replacement of early style chrome exhaust tips
- Rebuilt dash clock
- New engine hood insulation pads
- Replacement of window felt strips
- New replacement soft top in original black German canvas, including new seals
- New hardtop window seals, new trunk seal
- New A/C compressor, drier, idler pulley charged with R12 Freon

- New cooling fan clutch
- New front and rear bumper cap covers
